FEDERAL ELECTION
COMMISSION MAIL ROOM

RECEIVED
2000 JAN 28 P 12:04

JOHN DENDAHL
Chairman

Mr. Seth H. Row
Federal Election Commission
999 E St NW
Washington, DC 20463

Dear Mr. Row:

In response to MUR 4754, the Republican Campaign Committee of New Mexico (hereinafter referred to as "the Committee") would like to address the specific questions raised by the Commission. These questions are in relation to both the volunteer activity associated with the production and distribution of the Mailer and certain questions stemming from the transfer of federal funds to the state party by the National Republican Congressional Committee ("the NRCC") and any other national party committees.

At no time did the Committee use any funds transferred by the NRCC or any national party committee for any expense reported by the Committee as Volunteer Mail.

All expenditures made in connection with the volunteer mail program were paid for from the Committee's Unity account (a federal account). The funds transferred to the Committee by the NRCC and other national committees were used either for those items indicated as Issue Advertising or Administrative expenses on the reports of the Committee. With the exception of two transfers, all federal funds transferred by the NRCC and other national party committees were maintained in the Committee's Victory account (a federal account) separate from the Committee's Unity account. The following transfers to the Victory account were made on May 14, 1998 for \$75,000, on June 1, 1998 for \$21,000 and on June 10, 1998 for \$2,000. These funds were used either for Issue Advertising or Administrative expenses and at no time were these funds used to pay for volunteer mail activities (copies attached).

During the period in question (January 1, 1998 through July 31, 1998), two transfers were made by national party committees and deposited into the Unity account. We have enclosed the bank statements from the Unity account showing the deposits and drafts made against this account.

The first transfer received from the Republican National Committee was in the amount of \$6,000 and was deposited on April 22, 1998. At the time of this deposit, the balance in our Unity account was \$54,000.

RECEIVED
FEDERAL ELECTION
COMMISSION MAIL ROOM
OCT 22 1998
FEB 22 1999
JUN 31 1999

At no time between April 22, 1998 and June 30, 1998 did the balance of the Unity account drop below \$6,000. As such, the federal funds transferred by the national party committee were never used to pay for the Mailer referenced in your subpoena.

The second deposit received from the National Republican Congressional Committee in the amount of \$35,000 was made into the Unity account on June 30, 1998. The last check involved used to pay for volunteer expenses was Unity check number 2853. You will notice that at the time check number 2853 cleared on July 6, 1998, the balance of the Unity account was greater than \$45,000. The two federal transfers received \$6,000 from the RNC and \$35,000 from the NRCC, totaled \$41,000. As the bank statements for the Unity account show, this amount remained in the Unity account after all volunteer expenses had been paid. As such, the funds from the two transfers had not been used to pay for the Mailer referenced in your subpoena.

The Unity bank statements reflect several large deposits. These deposits were transfers made from the Committee's Special Individual account (a federal account). All funds in the Special Individual account were collected from permissible sources in compliance with the Federal Election Campaign Act and do not in any way result from transfers from the NRCC or any other national party committees.

Disbursements made for the volunteer mail expenses were made solely from the Committee's Unity account using funds raised by the Committee in accordance with the Federal Election Campaign Act. With the exception of the two transfers detailed above, the Committee raised all funds in the Unity account in accordance with the Act. At no time were funds transferred by national party committees used to pay for the volunteer mail effort undertaken by the Committee.

The Committee maintains an Allocation account for the purpose of paying administrative and allocable expenses. Those funds transferred by the NRCC that are specifically referenced in the subpoena were transferred from the Committee's Victory account into the Committee's Allocation account (a federal account), and used in conjunction with allocable expenses. These expenses are indicated on the Committee's reports as either Issue Advertising or Administrative expenses.

At no time were funds transferred by any national party committee used to pay for volunteer mail activities. As the attached Unity bank statements and deposit slips will clearly show, the Committee was diligent in its efforts to maintain the funds transferred by the national party committees in accounts separate from those used for volunteer expenses. The Committee was and is aware of the restrictions on volunteer mail and as such, no impermissible funds were used for the volunteer mail program.

Responses to the specific inquiries made by the Commission within the "Questions" section of the subpoena are attached. Also attached are any documents, memoranda, notes, invoices, or checks generated as a result of the Mailer.

In response to those items pertaining to the automated phone bank operation, a review of the Committee's records indicates the following:

1. The calls were part of a project which overlapped the reporting periods. We believed that the calls were not reportable at the time of the 20-day pre-special report but rather were reportable at the time of the project's completion. The last call on this project was made on June 23, 1998 and as such, the in-kind was reported on that date.
2. In light of the recommendation by the FEC in MUR 4754, we are amending our reports to reflect that \$1175.67 should have been reported on the pre-special report and \$ 1,939.06 should have been reported on the post special report.

The Committee has amended both the pre-special and post-special reports affected by the Committee's incorrect decision to report the amount as of the date of the project's completion rather than reporting as the calls were made. In addition, the Committee will inform the Heather Wilson for Congress Committee of the error and advise them to submit reports showing the revised amounts and dates.

Should you have any additional questions, or need additional supporting documentation, please contact our office at 505-298-3662 or by mail.

Sincerely,

Laurie Fowler

Responses to Questions from subpoena in relation to MUR 4754

1. **Describe in Detail the production and distribution of the mail advertisement that advocated the election of Heather Wilson to the U.S. House of Representatives and enclosed an absentee ballot request form, hereinafter referred to as "the Mailer". This description should include, but not be limited to, who designed and/or produced the mailer, who printed the mailer, when the mailer was printed, how much was expended to produce and print the mailer, and the date on which the mailer was delivered to the post office.**

For purposes of clarification it may be easier to begin with a description of the mailer so you may clearly picture the Mailer as it was prepared and distributed. We have enclosed a copy of both the ballot request form and the postcard for you to reference, but it may be helpful to understand how the piece was assembled.

There are two important facts to keep in mind with regard to the Mailer. First, Ink Impressions is the State of New Mexico's only approved Vendor for absentee ballots. As such, absentee ballot requests had to be purchased from this vendor. Second, the Mailer was described in the subpoena as an advertisement that contained the absentee ballot. The Mailer was actually the official absentee ballot request form and contained the advertisement in question within its fold.

The Mailer consists of an official absentee ballot request form and a postcard. The official absentee ballot request form for the State of New Mexico is slightly smaller than an 8 ½ x 11 sheet of letter paper. Folded in half across the horizontal axis, the ballot request form forms a self-mailer when tabbed shut. The postcard was inserted into the fold of the folded ballot request and held in place by the tab that secures the ballot request shut. The dimensions of the postcard (4" x 6 ¾") were such that they were very slightly smaller than the one half of the ballot request. This enabled the ballot request to securely hold the postcard with only one tab.

The Vendor completed the folding, inserting and tabbing of the mail piece as well as the sequential address imaging.

On May 15, 1998, the Republican Campaign Committee of New Mexico (hereinafter referred to as "the Committee") placed an order with Ink Impressions ("the Vendor") for 81,530 absentee ballot applications and 81,530 postcards. Total cost of the printing and addressing was \$19,831.65. This amount was paid for from the Committee's Unity (federal) account with check number 2804 (copy attached).

At some point between May 15, 1998 and May 26, 1998, the Vendor printed and addressed the absentee ballot request forms. The addresses used were from the State of New Mexico voter registration roster. The Committee obtained this list from the Secretary of State for the State of New Mexico. This expense was not made specific to this mailing but as a larger, ongoing, process of maintaining the voter registration list for the State of New Mexico. This process is specifically permissible under the auspices of the Federal Election Campaign Act as a party building activity. As such, there are no copies of any correspondence relating to its purchase to provide.

On the morning of May 27, 1998, the Vendor delivered the absentee ballot request forms to the Committee's offices. At this point, volunteers assumed all responsibility for the Mailer. Volunteers unloaded the delivery truck and began processing of the mail piece.

First, the volunteers moved all mail pieces into a large room in the Committee's offices.

Second, the volunteers opened all boxes containing the mail pieces and distributed the pieces to other volunteers for stamping with the Committee's bulk rate indicia. The volunteers used rubber stamps provided by the Committee to stamp each and every mail piece with the Committee's bulk rate indicia. Without this volunteer action, the U.S. Postal Service would not have accepted this mailing for distribution.

Next, the volunteers used rubber bands to bundle the mail pieces together by zip code. The volunteers then arranged the mail in cardboard trays by zip code order. The volunteers placed sleeves on the trays in accordance with U.S. Postal regulations. Without this volunteer action, the U.S. Postal Service would not have accepted this mailing for distribution.

It is our belief that this process is analogous to the situation described in MUR 3218. While the sequential labeling by the printer made this process easier, it in no way eliminated the completion of the mail processing by the volunteers.

The volunteers assumed responsibility for compliance with U.S. Postal requirements and were responsible for ensuring that the sort was correct and acceptable at the time of mailing. Without this volunteer action, the U.S. Postal service would not have accepted this mailing for distribution.

Next, the volunteers loaded the mail into a Budget rental truck and delivered the mail to the post office. The Committee rented the truck at a total cost of \$118.22. This cost was paid for from the Committee's Unity (federal) account with check number 2792 (copy attached).

Finally, the volunteers checked in the mail at the Bulk Mail Entry Unit at the U.S. Postal Service office. Postage was paid from the Committee's Unity (federal) account with check number 2791 (copy attached).

During this process, a pizza lunch was served to the volunteers. This pizza was paid for from the Committee's Unity (federal) account with check number 2793 (copy attached).

Copies of the checks used to pay for this process have been attached. These checks include Budget Truck Rental, Little Caesar's Pizza, Ink Impressions, the U.S. Postal Service, and to Convention Services of the Southwest (for extra chair and table rental. Unity account check number 2784).

The check for table and chair rental was for a period of 30 days. The mailer took only one day to complete and as such only one day worth of the total cost is billed to this project. Similarly, 165,000 absentee ballot request applications were purchased, but only 81,530 were sent as part of this mailer referred to in MUR 4754. As such, the cost of the additional request forms has

been deducted from the itemization of the cost of the Mailer. This accounts for the discrepancy between the invoiced and paid amount and the amount listed on the breakdown we have prepared for your review.

It is the opinion of the Committee that every aspect of this sequence was conducted in compliance with the Federal Election Commission's requirements for Volunteer Exempt Mailings under the auspices of the Federal Election Campaign Act.

2. State whether the Committee purchased the mailing list used for the Mailer from a commercial vendor. If the answer to this question is no, state how the mailing list used to distribute the mailer was generated, developed, or procured.

No, the list used for the Mailer was not obtained from a commercial source. The list used for this mailing was a list of registered voters in the First Congressional District. The Republican Campaign Committee (hereinafter referred to as "the Committee") obtained this list from the Secretary of State for the State of New Mexico. This expense was not made specific to this mailing but as a larger, ongoing, process of maintaining the voter registration list for the State of New Mexico. This process is specifically permissible under the auspices of the Federal Election Campaign Act as a party building activity. As such, there are no copies of any correspondence relating to its purchase to provide.

3. **Describe in detail the involvement of volunteers in the production and distribution of the Mailer. This description should include, but not be limited to, whether volunteers sorted the mailers by Zip code and postal carrier route number.**

At the time Ink Impressions, the State of New Mexico's official vendor, delivered the absentee ballot request forms to the Committee's offices, the volunteers assumed all responsibility for completing the production and distribution of the Mailer.

Volunteers loaded the truck, which transported the mail to the post office. At the post office, the volunteers unloaded the mail from all trucks used to transport the Mailer. Volunteers stamped the bulk rate indicia on all mail pieces. Volunteers were responsible for ensuring zip code sorting and compliance with U.S. Postal Service regulations. Volunteers were responsible for delivering the Mailer to the Postal Service Business Mail Entry Unit at the U.S. Postal Service Office. Volunteers were responsible for checking in the mail at the Business Mail Entry Unit.

In detail, the specific chain of events was as follows:

On the morning of May 27, 1998, the Vendor delivered the absentee ballot request forms to the Committee's offices. At this point, volunteers assumed all responsibility for the Mailer. Volunteers unloaded the delivery truck and began processing of the mail piece.

First, the volunteers moved all mail pieces into a large room in the Committee's offices.

Second, the volunteers opened all boxes containing the mail pieces and distributed the pieces to other volunteers for stamping with the Committee's bulk rate indicia. The volunteers used rubber stamps provided by the Committee to stamp each and every mail piece with the Committee's bulk rate indicia. Without this volunteer action, the U.S. Postal Service would not have accepted this mailing for distribution.

Next, the volunteers used rubber bands to bundle the mail pieces together by zip code. The volunteers then arranged the mail in cardboard trays by zip code order. The volunteers placed sleeves on the trays in accordance with U.S. Postal regulations. Without this volunteer action, the U.S. Postal Service would not have accepted this mailing for distribution.

It is our belief that this process is analogous to the situation described in MUR 3218. While the sequential labeling by the printer made this process easier, it in no way eliminated the completion of the mail processing by the volunteers.

The volunteers assumed responsibility for compliance with U.S. Postal requirements and were responsible for ensuring that the sort was correct and acceptable at the time of mailing. Without this volunteer action, the U.S. Postal service would not have accepted this mailing for distribution.

Finally, the volunteers checked in the mail at the Bulk Mail Entry Unit at the U.S. Postal Service office. Postage was paid from the Committee's Unity (federal) account with check number 2791 (copy attached).

During this process, a pizza lunch was served to the volunteers. This pizza was paid for from the Committee's Unity (federal) account with check number 2793 (copy attached).

4. Does the committee have document retention and destruction policies? If so, describe your document retention and destruction policies and identify the person responsible for ensuring that documents are properly retained and/or destroyed. If such, policies are reflected in documents, identify and produce the documents. If any documents that would have been responsive to this subpoena were transferred to any third party, identify all such documents and the person who currently are in possession, custody or control of the requested materials.

The Republican Campaign Committee of New Mexico (hereinafter referred to as "the Committee") does not have a written policy relating to the retention or destruction of the records of the Committee. It is the generally accepted practice of the Committee to retain all records and materials generated by the Committee for a period of three years. These materials are stored on the premises in a storage area maintained by the Committee. At no point have any documents or materials responsive to this subpoena been transferred to a third party. Additionally, at no point have any materials or documents responsive to this subpoena been destroyed.

Pete Domenici - Senator

Dear Fellow Republican:

June 23rd is one of the most important days this year for Republicans and for our party nationally. On that Tuesday we will choose a person to serve out the remainder of the Congressional term of our late friend, Rep. Steve Schiff.

This Special Election holds the key to Republican control of the House of Representatives in Washington. Every available resource must be brought to bear to keep this seat in Republican control.

We have a magnificent candidate in Heather Wilson, Governor Johnson's former Secretary for Children, Youth, and Families. She received Steve's endorsement before his death and has been called one of the best Republican candidates for the House in the entire nation.

Under New Mexico law, everyone has the right to avoid the lines on Election Day by voting absentee. To be sure that your vote is counted, we are sending you this application for an absentee ballot.

Please return the completed application to your county clerk's office immediately and don't forget to check the "Special Election" box on the application form.

We control the House of Representatives by only 11, we must keep the momentum going into the November general elections, when the entire House is up for grabs. Heather Wilson's race to win this seat will be watched by the national media to see if Democrats, indeed, have a chance to regain the House and thwart our party's efforts to reform government and cut taxes.

Your vote is critical. When you get your absentee ballot for the Special Election June 23rd from your county clerk, please cast your vote for Heather Wilson and return it immediately.

Your vote for Heather is a vote we cannot afford to lose ... a single vote could make all the difference in this race and in the House of Representatives.

Sincerely,

Pete Domenici
U.S. Senator

MAKE SURE YOUR V★O★T★E *Counts*

Pete Domenici - Senator

Dear Fellow Republican:

June 23rd is one of the most important days this year for Republicans and for our party nationally. On that Tuesday we will choose a person to serve out the remainder of the Congressional term of our late friend, Rep. Steve Schiff.

This Special Election holds the key to Republican control of the House of Representatives in Washington. Every available resource must be brought to bear to keep this seat in Republican control.

We have a magnificent candidate in Heather Wilson, Governor Johnson's former Secretary for Children, Youth, and Families. She received Steve's endorsement before his death and has been called one of the best Republican candidates for the House in the entire nation.

Under New Mexico law, everyone has the right to avoid the lines on Election Day by voting absentee. To be sure that your vote is counted, we are sending you this application for an absentee ballot.

Please return the completed application to your county clerk's office immediately and don't forget to check the "Special Election" box on the application form.

We control the House of Representatives by only 11, we must keep the momentum going into the November general elections, when the entire House is up for grabs. Heather Wilson's race to win this seat will be watched by the national media to see if Democrats, indeed, have a chance to regain the House and thwart our party's efforts to reform government and cut taxes.

Your vote is critical. When you get your absentee ballot for the Special Election June 23rd from your county clerk, please cast your vote for Heather Wilson and return it immediately.

Your vote for Heather is a vote we cannot afford to lose ... a single vote could make all the difference in this race and in the House of Representatives.

Sincerely,

Pete Domenici
U.S. Senator

After the trial, it was clear that the defense had failed to meet its burden of proof. The evidence presented by the state clearly indicated that the defendant was guilty of the offense charged. The defense's claim that the defendant was innocent was contradicted by the evidence and the testimony of witnesses.
